THE 1956  
**BUZZER**

29<sup>TH</sup> EDITION

# FOREWORD

It is with great pride and happiness that the Senior Class and the BUZZER Staff of '56 bring to you, the student body, this twenty-ninth edition of THE BUZZER. It has been our endeavor to give you the best annual our school has ever published. We hope that you will enjoy it now and will cherish it with fond memories in the future.

ANN DRUMHELLER  
*Student Government President*

## *Dear Students,*

It has been a great privilege and pleasure to work with the Student Council, the student body, and the faculty in promoting the objectives of the Student Co-operative Association.

Throughout its program of work the SCA has tried to emphasize constructive growth and to promote better citizenship. The members of the SCA congratulate those students who qualified for "Citizen of the Week" and "Citizen of the Month."

The Student Council belongs to you—the students. It is a democratic organization which participates in the government of the school. It is the responsibility as well as the privilege of every student to take an active part in the government of our high school. The chief aim of the SCA is to promote better citizenship, thus preparing each of us for the life of an active citizen in our great democracy.

A factor equally important as individual responsibility is social responsibility, which signifies that interest in the group is placed above that of self. When we reach the place where we are guided by constructive group attitudes rather than by rules, we shall have made real progress. For this goal we are striving. A co-operative student body alone will insure the permanence of the Student Council and the realization of its highest ideal.

Sincerely yours,  
ANN DRUMHELLER.

MRS. MARGARET R. MCKENRY

# CLASSES

## SENIOR CLASS HISTORY

Looking back through the past years, we find the beginning of our Senior Class of '56—a class that was never meant to be. When the high schools of Campbell County inaugurated the twelve year system, we were told that the process would take five years and that one year there would be no senior class. 1956 is that fateful year! But we fooled them! Jerry Hartless, our charter member, made his first step toward graduation in 1950. Unaware of the change from elementary life to high school life, Jerry made a "boo-boo." Because of his misstep, Jerry was accompanied by Edward Nuckles, Raymond Beale, Nowlin Maddox, and Paul Salmon in the session '51-'52.

At the beginning of the session '52-'53 these lads managed to enter the Brookville halls as proud Sophomores. During this year Frank Greene, a lone Freshman, straggled in from Fairfield High School near Lexington. This was a successful year for each of them except Ed, who, unfortunately was left behind in the Sophomore class.

In the following session of '53-'54, the doors were open to them as unlucky Juniors. Frank, now a Sophomore, and Ed were joined by Betty Puckett from Pamplin and Shirley Eggers from E. C. Glass. Due to hardships and failures all the Juniors "goofed" and remained in this class another year. When this failure occurred, Frank, Ed, Betty, and Shirley stepped into the Junior Class with those who wanted to lag behind.

September again! The eight flighty Juniors increased to nine when Mary Cunningham from E. C. Glass entered our school. Barbara Evans and Shelby Fogle, who refused to graduate this year, remained Seniors, and with the passing of the Junior Class, the Senior Class of '56 received two more members.

Now that we are Seniors we have eleven members and are, for once, together as a class with Mr. Wright as our sponsor. As class officers we chose Mary Cunningham, President; Jerry Hartless, Vice-President; and Frank Greene, Secretary and Treasurer. Our Senior trip will always be cherished with fond memories. We have enjoyed these wonderful days at B. H. S.—in fact, you may see some of us again next year.

SYMBOL OF PROGRESS . . .

As graduation nears, let's take a serious look at the past. We see that education has been largely responsible for the progress of our nation.

Why? Education is PROGRESS. Today—more than ever before—industry, business and labor, all, know the true values of a good educational system. EDUCATION continues to stand as a true symbol of PROGRESS.

Jimmy,

I wish you the best of luck in everything you do. You are a very good friend and a wonderful sport. I have enjoyed having and going to those parties. We ought to have some more real soon.

Have a good summer.
